

# NASA Day @ ECU

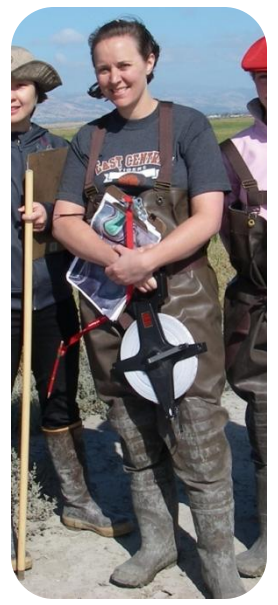

## What Can NASA Do For You?

2010 - 2011 ECU's NASA Fellows

Dr. Andrew Mattioda, ECU alumnus & NASA scientist

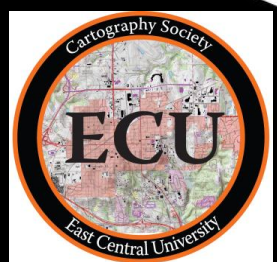

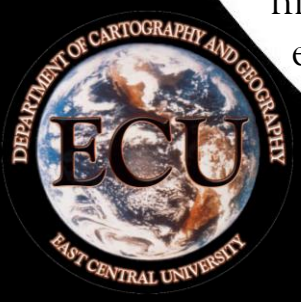

Kristy Watson, ECU Cartography / Biology major & NASA intern

Support NASA DAY and kick off the 2010 - 2011 College of Health & Sciences Student Leadership & Lecture Colloquium with a presentation sponsored by the Cartography Society & hosted by Dr. Mark Micozzi, NASA institutional representative.

**Tuesday, September 21<sup>st</sup>, 3:30 PM - 5:00 PM**  
**Estep Room, Bill S. Cole University Center**  
**Food & Refreshments served after the event**

The colloquium will explain the purpose of NASA on ECU's campus, highlight the NASA Space Grant Program featuring several student experiences, include a research presentation from ECU's first NASA summer intern, Kristy Watson, and conclude with a presentation from NASA Ames Space Scientist and ECU alumnus, Dr. Andrew Mattioda.

**Students, staff, faculty & the Ada community are welcome**
