**Undergraduate Programs**

East Central University will admit without further qualifications, and provide opportunity to complete Standard Certification requirements, Alternative Certification candidates approved by the Oklahoma State Department of Education (OSDE) as long as they meet university admission policy requirements. Such candidates will be permitted to take any course(s) the candidate deems necessary or desired to meet standard certification requirements detailed by the OSDE. The Dean of the School of Education and Psychology will meet with all Alternative Certification candidates to discuss courses available and to assist as necessary in the development of an individualized **Certification Plan for Alternative Certification Candidates**. For Alternative Placement candidates seeking course work in the Education Department course pre-requisites must be met but other blocks will be removed, and the Dean for the School of Education and Psychology will serve as a liaison to other departments in the university for assisting Alternative Certification candidates in enrollment in other School or departmental courses across the campus of East Central University.

Alternative Certification candidates will develop a plan for meeting the OSDE requirements and completing those requirements within three years of approval by the OSDE. The candidate plan will be kept on file in the office of the Dean of the School of Education and Psychology.

These provisions apply to all areas of certification offered by ECU that are approved by the Oklahoma Commission for Teacher Preparation (OCTP), the Oklahoma State Department of Education (OSDE), and the Oklahoma State Regents for Higher Education (OSRHE) and include programs in mathematics, science, foreign language, and special education, among others.

**Any candidate interested in alternative certification should contact the Oklahoma State Department of Education to see if they qualify (405) 521-2062. Normally, candidates with a General Studies Degree or a degree in Liberal Arts will not qualify for this program.** For additional information about Alternative Certification processes, please contact the Oklahoma Commission for Teacher Preparation at (405) 525-2612.

Candidates who seek certification for school principal will follow the process established by the state. According to state statute, the standards for alternative certification for superintendents and principals shall include:

- the completion of a standard master's degree,
- For Principal certification, candidates must have two years of satisfactory teaching experience in an accredited public school;
- a passing score on the subject area competency examination; and,
- filing with the director of teacher education at an Oklahoma accredited institution of higher education a plan for completing an alternative administrative preparation program within (3) years.
