

SCHOLARSHIP APPLICATION  
DEPARTMENT OF MATHEMATICS

By completing the application process, the applicant is entered into competition for a Department of Mathematics scholarship. The applicant must be a declared mathematics major at ECU at the time of application or must be entering ECU in the coming academic year as a declared mathematics major. The monetary awards are for use during the coming school year.

**The complete application packet must be delivered between and including February 1 and March 1 of the current academic year. Delivery addresses are at the end of this two-page application form. Incomplete applications will not be considered.**

The available scholarships are:

- James O. Danley Scholarship
- The Fenton Family Scholarship
- Kate K. Knight Scholarship
- Carmelita Paul Endowed Scholarship
- Darrell Terrell Memorial Scholarship
- Dennis O. and Elsie O. Williams Math Scholarship
- East Central Credit Union Applied Mathematics Scholarship

How many college/university credit hours  
have you completed with passing grades? \_\_\_\_\_

In how many college/university credit  
hours are you currently enrolled? \_\_\_\_\_

Are you a transfer student from another college/university? (circle one)      Yes      No

Are you currently attending ECU? (circle one)      Yes      No

Please indicate the mathematics major you have declared at ECU.

\_\_\_ General Mathematics

\_\_\_ Applied Mathematics

\_\_\_ Teacher Certification

**The following three individual items must be attached in the order listed, and they must accompany this two-sided application form.**

- Unofficial transcript(s) from all institutions of higher learning attended or currently attending must be provided. If the applicant is a high school student at the time of application, then a current unofficial high school transcript must also be provided.
- A separate page listing and explaining significant college/university and civic activities must be provided. If the applicant is in high school, then a page listing and explaining extracurricular activities and community involvement must be provided.
- A separate page explaining the applicant's post-undergraduate educational and/or career plans must be provided.

**Incomplete applications will not be considered.** Please deliver the complete application packet within the time frame listed on the front of this form. Either deliver it in person to Dr Anita Walker, Room 205-D Science Hall at ECU, or send via the postal service to:
