

How do you get to the Statewide Catalog online?

There are 2 ways, either go to ODL's homepage at www.odl.state.ok.us, click on CATALOG, from dropdown menu pick Statewide Catalog – Browse Only.

Click on the link at the bottom of the page that says:

Connect to the new Union Database NOW.

Or

Go to: www.auto-graphics.com/cgipac/mmx/xxxx/Access

(substituting xxxx for your 4 letter y-code, ask your Interlibrary Loan Office for this code, if you are not an ILL lender on Autographics, use odol)

Click on the link at the bottom of the page that says:

Connect to the new Union Database NOW.

From this page you will notice at the end of this long address is the letter “s”

This is the bookmark the ILL staff will use to access the PAC admin, ILL Admin or Cataloging modules. To avoid having to click on the Public button each time change the “s” at the end of the address to “p” and you can use this for your public access catalog.

For those interested in serials, you can look at the Oklahoma Union Catalog and also the Oklahoma Serials Catalog.

Any further access questions or problems consult your internal ILL office.
