

EAST CENTRAL UNIVERSITY

25/26
YEARBOOK

**ONCE
A TIGER,
ALWAYS
A TIGER**

Dear Tigers,

What a year it has been at East Central University.

The 2025-26 academic year has been filled with moments that remind us why being a Tiger means so much.

We have celebrated accomplishments in our classrooms, cheered one another on across campus, embraced new opportunities and continued moving ECU toward an exciting future.

Every student has experienced this year differently. For some, it was the beginning of a college journey. For others, it marked the final chapter before graduation.

Along the way, there were challenges overcome, friendships strengthened, goals achieved and memories made that will last long after this yearbook is closed.

Our campus has been changing, too.

The Dan Hays STEM Center stands as one of the most significant investments in ECU's future and a powerful reminder of our history.

Named for Dan Hays, whose gift of land helped make our university possible, this remarkable facility will create new opportunities for generations of students while honoring the legacy on which ECU was built.

That progress extends across our university.

Through the ECU Forward Capital Campaign, investments in our campus and the dedication of the people who believe in East Central, we continue to build on more than a century of tradition while preparing for what comes next.

But buildings and programs alone do not define ECU.

You do.

The energy, determination and spirit you bring to this campus are what make East Central special.

Each of you has contributed something to the story of ECU this year, and I hope the photographs and memories in these pages remind you of the role you played in it.

To our graduating seniors, congratulations.

Wherever your next chapter takes you, I hope you carry your Tiger pride with you and remember that East Central will always be home.

To those returning, there is much to look forward to, and I cannot wait to see what we accomplish together.

Thank you for an unforgettable year and for being part of the East Central University family.

Wendell L. Godwin

President of East Central University

CHICKASAW GOVERNOR CHRIS ANOATUBBY OATH OF OFFICE

ECU President Wendell Godwin
& Governor Chris Anoatubby

East Central University congratulates Chickasaw Governor Chris Anoatubby as he is sworn into leadership as the acting Governor of the Chickasaw Nation.

We count it a great honor and privilege to host Governor Anoatubby's Oath of Office in Ataloa Theatre located inside ECU's Hallie Brown Ford Fine Arts Center.

We look forward to working with Governor Anoatubby going forward, and are excited to see what the future holds for the Chickasaw Nation.

HONORING GOVERNOR BILL ANOATUBBY

**Governor Bill Anoatubby
& ECU President Emeritus
John Hargrave**

Governor Bill Anoatubby waves to a cheering crowd at Governor Chris Anoatubby's Oath of Office hosted in Ataloa Theatre located inside ECU's Hallie Brown Ford Fine Arts Center

Governor Bill Anoatubby & ECU President Wendell Godwin

East Central University would like to recognize and honor the legacy of Chickasaw Nation Governor Billy Anoatubby for his cherished partnership with the University.

Our relationship with Governor Bill Anoatubby is one that spans decades, from his longstanding facilitation and support of our campus and students, to his time at ECU as a student.

Anoatubby earned his degree in accounting from ECU in 1972. He was named ECU Distinguished Alumnus in 1995, and was inducted into ECU's Hall of Governor's in 2007.

Key projects at ECU supported and funded in-part by the Chickasaw Nation under the leadership of Anoatubby include, The Chickasaw Business and Conference Center, and The Dan Hays STEM Center among other facility developments such as the Koi Ishto Stadium Chickasaw Plaza, among many others.

These state-of-the-art facilities continue to provide exceptional spaces for students to learn and grow during their time at ECU.

Additionally, these facilities are furnished and utilized to host outside events, lectures and programs spanning the local to state-level.

We champion the privilege to use these spaces to bridge gaps, strengthen ties, and build relationships, and are so thankful for Anoatubby's generous support in the development of these projects.

We are proud to be part of Governor Bill Anoatubby's story and legacy. We want to say thank you to Governor Bill Anoatubby, and wish him all the best in his retirement.

Greeks set donation record

The first week of April, East Central University Greek Life Chapters came together for the annual Greek Week Competition. All ECU Greek Life chapters competed in a variety of events such as a pickleball tournament, chariot races and a lip-sync battle to gain points towards their Greek Week total.

Each year the chapter that earns the most points are crowned the Greek Week Champions.

During the week, all participating chapters collect hygiene items as a last attempt to gain the most points towards their Greek Week total.

The hygiene items that are collected are then donated to Mama T's Bread and Blessings: Transitional Living Community in Ada.

On April 3, representatives from ECU Greek Life chapters hand-delivered 4,795 hygiene items to Mama T's.

The purpose of the hygiene drive is for ECU Greek Life chapters to come together during a week of competition and give back to the Ada community.

Based on service and scholarship, ECU Greek Life members are student leaders who never hesitate to serve others when needed.

Participating chapters included: Gamma Delta Pi, Chi Omega, Zeta Tau Alpha, Phi Kappa Tau and Pi Kappa Alpha.

Native American sorority celebrates first semester at East Central University

Gamma Delta Pi

East Central University's inaugural chapter of the Gamma Delta Pi sorority is celebrated its first spring semester with a series of successes, making history for First American women at ECU and establishing a new community of sisterhood on campus.

Gamma Delta Pi is a national sorority for First American women and the first of its kind at ECU. The university chapter was established Oct. 23, 2025, when its founding members were formally initiated. This spring, the founding members welcomed their first group of new members.

Destany Schafer-Morgan, a professor in ECU's Department of Professional Programs and Human Services, was approached to serve as the chapter's faculty adviser. Already serving as adviser for ECU's Native American Student Association, Schafer-Morgan immediately took on the role.

"I thought it would be a really great thing," Schafer-Morgan said. "It was like the missing piece. We already had NASA, but there is something special about a sisterhood."

The spring semester marked many milestones for the Ada chapter. In February, members organized their first event, the Hearts & Heroes Family Dance, an inclusive Valentine's celebration for families and community members.

"I feel like we all come from different backgrounds," Terry said. "It is really important for First American women to have a voice here, but it is also really good just to connect with other women on a personal and a cultural level."

ECU Russian Club takes once-in-a-lifetime tour of Prague and Bratislava

The trip was funded by the Ralph and Carla Weber Fund, the ECU Russian Club and contributions from the students themselves.

Over the summer, 12 students and alumni from East Central University's Russian Club, along with Director of Global Education, Dr. Mara Sukholutskaya, traveled to Prague, the capital of the Czech Republic, and Bratislava, the capital of Slovakia.

After nearly 24 hours of travel, the group arrived at Charles University in Prague, one of the oldest universities in Europe, where they stayed at ECU's partner institution for the duration of their time in the city. Over the next several days, students explored many of Prague's historic landmarks, including Charles Bridge, a medieval stone bridge connecting the Old Town to Lesser Town across the Vltava River. They also toured Old Town, a district that dates back to the 10th century.

In addition to sightseeing, student also participated in Russian language courses alongside Charles University Russian language students.

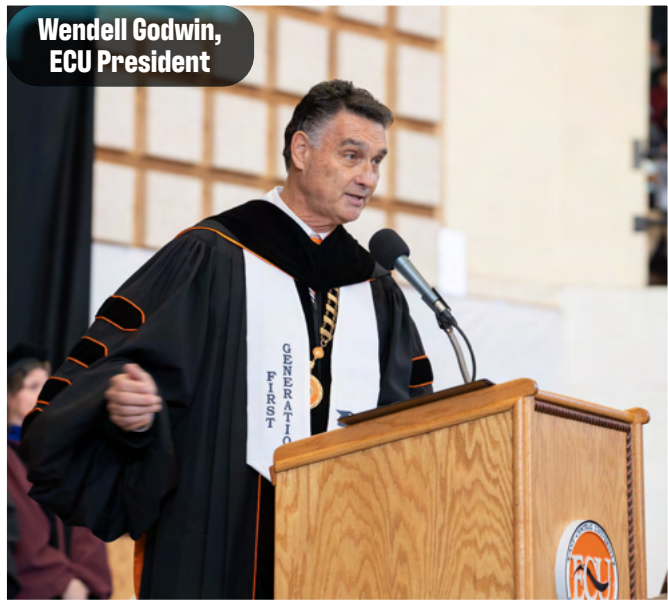

After two full days in Prague, the group traveled by train to Bratislava, where they spent the next three days immersed in the city's history and culture. Highlights included visits to Michael's Tower, Primacial Palace, the Bratislava City Museum, Slavin; a World War II memorial, Devin Castle, a memorial dedicated to the women who were unjustly killed during the medieval witch trials, the local opera house and a tour of the city center.

The students then returned to Prague, where they continued sightseeing, cultural activities and Russian language coursework. One student reflected on their experience:

"One of the most important things I learned is how much of the world exists beyond what I have personally experienced. Seeing historic cities, landmarks, and cultures firsthand made the world feel both much bigger and much more connected than I had imagined. I also learned that while cultures, languages and customs may be different, there is still a great deal we can learn from one another. The experience gave me a deeper appreciation for travel, history and cultural exchange, and it inspired me to continue exploring the world. Most importantly, it provided a broader understanding of the world that simply cannot be gained from a classroom alone."
