...and so much more!

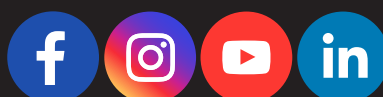

Nursing is an exciting and rewarding profession that involves both the art and the science of nursing. Professional nurses are in high demand in today's health care system. Professional nurses are recognized for their skills, judgment and decision-making ability. Research has shown there is a direct correlation between successful patient recovery and the number of baccalaureate nurses providing care. The ECU School of Nursing is recognized for its excellence in nursing education. ECU graduates are heavily recruited by health care facilities throughout the central plains and the southwest.

> Nursing Mission

The mission of the ECU School of Nursing is to prepare baccalaureate nurses that are lifelong learners to provide safe, quality, patient centered care in an environment of teamwork and collaboration. Evidence-based practice and informatics will be used to provide the best possible outcomes for the client and health care team in a rapidly changing and culturally diverse society.

SCHOOL OF NURSING

> DEGREE OPTIONS

BS with a Major in Nursing

The School of Nursing offers a five-semester program leading to a Bachelor of Science in Nursing to pre-licensure students. Graduates of this ACEN-accredited, state-approved program are eligible to write the National Council Licensure Examination for Registered Nurses (NcLeX-RN). Applicants for an Oklahoma license must meet all state and federal requirements to hold an Oklahoma license to practice nursing. Please see the Oklahoma Board of Nursing website or contact the ECU School of Nursing office if you have additional questions.

Accreditation & Approval

For recent program outcomes and additions, accreditation and approval information, please see our web page at www.ecok.edu/nursing. The baccalaureate Nursing program at East Central University located in Ada, OK, is accredited by the:

Accreditation Commission for Education in Nursing (ACEN)

3390 Peachtree Road NE, Suite 1400 • Atlanta, Georgia 30326
