# **Title IX in Athletics Statement: East Central University**

In accordance with the NCAA Board of Governors Policy on Campus Sexual Violence, the East Central University Assistant Athletic Director for Compliance will administer the implementation of the NCAA Board of Governor's Policy on Campus Sexual Violence.

Athletics Compliance staff will mandate the full completion of required incoming and transfer annual disclosures related to their conduct that resulted in discipline through a Title IX proceeding or in a criminal conviction for sexual, interpersonal or other acts of violence. Athletics Compliance Staff will ensure that transfer student-athletes also disclose whether a Title IX proceeding will be incomplete at the time of the intended or sought transfer. Finally, Athletics Compliance Staff will send a standard form meeting all NCAA requirements to the transfer recruit's prior institution to seek further information about any such prior conduct or incomplete adjudication of such conduct.
