

Age: The applicant for licensure must be a minimum of eighteen (18) years of age.

Verification of citizenship status: State law requires the Board of Nursing to issue a license only to U.S. citizens, nationals and legal permanent resident aliens; and to qualified alien applicants who present, in person, valid documentary evidence of:

1. A valid, unexpired immigrant or nonimmigrant visa status for admission into the U.S.;
2. A pending or approved application for asylum in the U.S.;
3. Admission into the U.S. in refugee status;
4. A pending or approved application for temporary protected status in the U.S.;
5. Approved deferred action status; or
6. A pending application for adjustment of status to legal permanent residence status or conditional resident status.

Applicants in the above six categories will only be eligible to receive a license card that is valid for the time period of their authorized stay in the U.S., or if there is no date of end to the time period of their authorized stay, for one year. The license card is required to indicate that it is temporary. The information will be verified through the Systematic Alien Verification for Entitlements (SAVE) Program, operated by the U.S. Department of Homeland Security.

3

Graduation from a government-approved program of registered or practical nursing: You must be a graduate of a government-approved program of registered or practical nursing. An official transcript from the nursing education program must be submitted directly from the nursing education program. **The nursing education program you attended must have included theory and clinical experience in the following areas:**

- Care of the adult
- Care of children
- Maternal-newborn nursing
- Psychiatric-mental health nursing (Exception: psychiatric clinical experience is not required for practical nurses applicants)

Completion of the licensure examination: Once all other requirements for licensure have been met, you will be made eligible to take the NCLEX-RN or NCLEX-PN licensure examination. In order to be made eligible, you must have registered with the testing service (www.vue.com/nclex).

Verification of high school completion: Applicants for LPN licensure must either have earned a high school diploma or a General Education Development (GED) certificate.

Review of criminal history: Effective January 1, 2013, state law (59 O.S. 567.18.B.) requires each applicant for licensure to have a fingerprint-based background check completed not more than ninety (90) days old at the time of submission of the application for licensure. The background check consists of fingerprint-based searches of the Oklahoma State Bureau of Investigation (OSBI) and Federal Bureau of investigation (FBI) Criminal History Record Information databases and name index searches of computerized databases containing criminal history records. Please see the "Instructions" section for further information on obtaining a fingerprint-based background check.

In addition to the background check, applicants for licensure who have ever been summoned, arrested, taken into custody, indicted, convicted or tried for, or charged with, or pleaded guilty to, the violation of any law or ordinance or the commission of any misdemeanor or felony, or requested to appear before any prosecuting attorney or investigative agency in any matter; or have ever had disciplinary action taken against a nursing license, certification or registration, any professional or occupational license, registration, or certification and/or any application for a nursing or professional or occupational license, registration, or certification or if there is currently any investigation of your nursing license, registration, or certification; and/or any professional or occupational license, registration, or certification; and/or any application for a nursing and/or professional or occupational license, registration, or certification in any state, territory or country, or have ever been judicially declared incompetent are required to notify the Oklahoma Board of Nursing in writing.

4

A “report in writing” means that the applicant/licensee provided a signed and dated description stating in his/her own words the date, location, and circumstances of the incident, and if applicable, the resulting action taken by the court, agency, or disciplinary board. The report may be in the form of a letter or a statement in the provided space on the application. The report must be accompanied by certified court records or a board order. A verbal report does not constitute a “report in writing”. A written report not accompanied by a full set of certified court records or the board order(s) does not constitute a “report in writing”. Failure to report such action is a violation of the Oklahoma Nursing Practice Act.

An applicant for a license to practice as a Registered Nurse or Licensed Practical Nurse must submit to the Oklahoma Board of Nursing “certified written evidence that the applicant has never been convicted in this state, the United States or another state of any felony, unless five (5) years have elapsed since the date of the criminal conviction or the termination of any probation or other requirements imposed on the applicant by the sentencing court, whichever shall last occur, or a presidential or gubernatorial pardon for the criminal offense has been received” [59 O.S. §567.5]. Therefore, applicants for licensure in Oklahoma with one or more felony convictions cannot apply for licensure for at least five years after completion of all sentencing terms, including probation and suspended sentences, unless a presidential or gubernatorial pardon is received.
