Schedule of Findings and Responses	

INDEPENDENT AUDITORS' REPORT

Audit Committee of the Board of Trustees East Central University Foundation, Inc. Ada, Oklahoma

We have audited the accompanying statements of financial position of East Central University Foundation, Inc. [a nonprofit organization] (the "Foundation") as of June 30, 2012 and 2011, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of June 30, 2012 and 2011, and changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2012, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Shawnee, Oklahoma September 28, 2012

NOTES TO FINANCIAL STATEMENTS

June 30, 2012 and 2011

(1) NATURE OF THE ENTITY

East Central University Foundation, Inc. (the "Foundation") is a nonprofit corporation. The purposes for which the Foundation is organized are exclusively scientific, literary, charitable, educational, and artistic for the benefit of East Central University (the "University") in Ada, Oklahoma, its faculty, its student body, and its programs. The Foundation may also serve as trustee of charitable lead trusts, charitable remainder trusts, and other private trusts of which the Foundation and/or the University are beneficiaries, notwithstanding the facts that the donors of such trusts retain a beneficial interest therein or that other charitable organizations are designated as beneficiaries of such trusts.

As gifts are received by the Foundation, they are placed into new or existing funds, as appropriate, in accordance with the stipulations of the donors. Distributions of amounts held by the Foundation are subject to the approval of the Board of Trustees (the "Board"). The purposes for which the Foundation is organized are exclusively for the benefit of the University, its faculty, its student body, and its programs. As such, the University and the Foundation are considered financially interrelated as defined by accounting principles generally accepted in the United States.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statement presentation follows accounting principles generally accepted in the United States for not-for-profit entities. The statements have been prepared on the accrual basis of accounting. Under accounting principles generally accepted in the United States, net assets and revenues, gains and losses are classified based on the existence or absence of donor-imposed restrictions as follows:

Unrestricted net assets—Consist of gifts received by the Foundation without stipulation and accumulated earnings which the Foundation uses for its operations.

Temporarily restricted net assets—Primarily consist of gifts received by the Foundation which have been restricted by the donor for a particular project or activity and accumulated earnings from endowment funds. When a donor restriction is satisfied, temporarily restricted net assets are reclassified to unrestricted net assets.

Permanently restricted net assets—This category represents gifts received by the Foundation with donor restrictions which require the principal to be invested in perpetuity. Generally, income earned from these assets is available to be used for purposes established by the donor in the year received unless restricted to future fiscal periods.

(2) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period received by the Foundation. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value at the date of gift. An allowance is made for uncollectible contributions based upon management's judgment and analysis of the creditworthiness of the donors, past collection experience, and other relevant factors. As of June 30, 2012 and 2011, no allowance was considered necessary.

Contributions are reported as increases in the appropriate category of net assets. Expenses are reported as decreases in unrestricted net assets. Temporary restrictions on gifts to acquire long-lived assets are considered met in the period in which the assets are acquired or placed in service. Gifts of property and equipment are recorded as unrestricted support unless explicit donor stipulations specify how the assets must be used, in which case the gift is recorded as restricted support. Expirations of temporary restrictions (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions. Contributions which are received and whose restrictions are met in the same period are recognized as unrestricted contributions.

Income and gains on investments are reported as increases in permanently restricted net assets if the terms of the gift that gave rise to the investment or applicable law require such amounts be added to permanent endowment principal. Income and gains are reported as increases in temporarily restricted net assets if the terms of the gift or applicable law impose restrictions on the use of the income and as increases in unrestricted net assets in all other cases.

Generally, losses on investments of restricted endowments reduce temporarily restricted net assets to the extent donor-imposed temporary restrictions on the net appreciation of investments have not been met before the loss occurs. Any remaining losses reduce unrestricted net assets. Subsequent investment gains are applied first to unrestricted net assets to the extent that losses have previously been recognized, and then to temporarily restricted net assets. During the years ended June 30, 2012, \$132,338 and \$178,637, respectively, of investment gains, unrealized and realized, were reclassified from individual accounts of temporarily restricted net assets to unrestricted net assets to offset previous losses from declines in the market which occurred in 2008. At June 30, 2012, all prior deficiencies have been recouped.

Cash and Cash Equivalents

The Foundation considers all highly liquid debt instruments with an original maturity of 3 months or less when purchased to be cash equivalents.

(2) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

Pledges

The Foundation generally records pledges as income in the period in which a written agreement to contribute cash investments or other assets is received.

Investments

The Foundation maintains the majority of its endowment assets in a pooled investment fund. Additional investments are maintained separately in accordance with the donor's instructions. Investments are presented in the financial statements of the Foundation at fair value. Investment securities with readily determinable market value information are adjusted to market value, with realized and unrealized appreciation and/or depreciation on investments to be recorded in the statements of activities. Investments included in the pool are certificates of deposit, common stock, corporate bonds, international bonds, and U.S. government securities. The Foundation's investment committee monitors the performance of all investments and instructs Foundation management as to the mix of assets to be maintained in the investment pool. Investments are made in accordance with the investment policies of the Foundation.

Earnings from investments are distributed quarterly from the pooled investment fund and are received by the separately maintained funds. Marketable and nonmarketable investments are marked to market in accordance with *Accounting Standards Codification* (ASC) Topic 958-320, "Investments—Debt and Equity Securities."

Real Estate Held as Investments

Real estate held as investments is stated at cost if purchased or at appraised value at date of gift. The real estate is reviewed periodically for impairment. Any impairment is recognized when known. The real estate can be revalued up to its original amounts based on appraised values.

Insurance Assets

Included in other assets is approximately \$92,000 and \$90,000 of cash surrender value assets related to insurance policies owned by the Foundation as of June 30, 2012 and 2011, respectively.

Conditional Gifts

The Foundation receives contributions with terms that require returns of the contribution to the donor on the occurrence of specified future and uncertain events. The Foundation reports such contributions as liabilities until the likelihood of not meeting the condition is remote. Conditional promises to give are not recorded as assets and revenue until the conditions are substantially met and the gift becomes unconditional.

(2) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

Investment Income

Investment earnings are allocated to the individual sub-funds of the Foundation on a quarterly basis. These earnings are allocated based upon the individual sub-fund's percentage of participation in the investment pool. Realized and unrealized gains and losses are determined using the specific identification method; however, these transactions are included in the pool's income for allocation purposes.

A portion of investment earnings is allocated to support the operations of the Foundation. The Foundation historically has allocated 25% of investment earnings to operations. The amounts allocated are recorded in the unrestricted net asset classification in the accompanying statements of activities. Amounts so transferred in excess of the current operations requirements remain in the unrestricted net asset classification for future use as deemed necessary by the Foundation's management and executive committee and to support the Foundation's scholarship program.

Furniture and Equipment

Furniture and equipment are recorded at cost if purchased or at appraised value if received by donation. Furniture and equipment are being depreciated on a straight-line basis over their estimated useful lives, which range from 3 to 10 years. The Foundation records impairments of its property and equipment when it becomes probable that the carrying value of the assets will not be fully recovered over the estimated useful life. Impairments are recorded to reduce the carrying value of the assets to their net realizable value based on facts and circumstances at the time of the determination. No property or equipment impairments were recorded in 2012 or 2011.

Unsettled Investment Activity

The balance in the unsettled investment activity account represents investment sales and purchases which had occurred at June 30, 2012 and 2011, respectively, but were not settled until after June 30, 2012 and 2011, respectively. Investment transactions are recognized on trade date and not settlement date.

Income Tax

The income earned by the Foundation has been determined to be exempt from income taxes by the Internal Revenue Service in accordance with I.R.C. Section 501(c)(3). However, unrelated business income earned by the Foundation is subject to tax. Additionally, the Foundation has been determined not to be a private foundation within the meaning of I.R.C. Section 509(a).

(2) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

Income Tax, Continued

The Foundation evaluates and accounts for its uncertain tax positions, if any, in accordance with ASC Topic 740, "Income Taxes" (ASC 740), including the Foundation's tax position as a tax-exempt not-for-profit entity. Through the Foundation's evaluation of its uncertain tax positions, management has determined no uncertain tax positions existed as of June 30, 2012 and 2011, which would require the Foundation to record a liability for the uncertain tax positions in its financial statements. Interest and penalties, if any, resulting from any uncertain tax position required to be recorded by the Foundation would be presented in operating expenses in the statements of activities.

Use of Estimates

The preparation of the accompanying financial statements in conformity with accounting principles generally accepting in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Estimates that are particularly susceptible to significant change include the valuation of marketable and nonmarketable investments and contributions receivable. The Foundation's various investment instruments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with these financial instruments, it is reasonably possible that changes in the values of the investments and beneficial interest will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position. Significant fluctuations in fair values could occur from year to year and the amounts the Foundation will ultimately realize could differ materially. Management's estimate of investments, contributions receivable, and evaluation for allowance is based on consideration of all relevant available information and an analysis of the collectibility of individual contributions, which arise primarily from pledges at the financial statement date.

Reclassifications

The Foundation reclassifies net assets from one net asset category to another as follows:

- a. Net asset reclassifications which result from fulfillment of the purposes for which the net assets were restricted and/or restrictions which expired with the passage of time.
- b. Net asset reclassifications which occur when a donor withdraws or court action removes previously imposed restrictions, when a donor imposes restrictions on otherwise unrestricted net assets, when a donor changes or modifies their existing restriction, and/or when an existing donor restriction requires certain amounts to be reclassified.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

Concentrations of Credit Risk

The Foundation had certain concentrations of credit risk with financial institutions in the form of uninsured cash and time deposits. For purposes of evaluating credit risk, the stability of financial institutions conducting business with the Foundation is periodically reviewed, and management believes that credit risk related to the balances is minimal.

Scholarship Awards

Scholarships were accrued when the disbursements were made to the students, which is when all of the conditions would have been met and the scholarship would have been effectively earned by the student.

Advertising Costs

All costs associated with advertising are expensed as incurred.

Recent Accounting Pronouncement

In January 2010, the Financial Accounting Standards Board issued Accounting Standards Update No. 2010-06, "Improving Disclosures about Fair Value Measurements" (ASU 2010-06), which amends ASC Topic 820, "Fair Value Measurements and Disclosures" (ASC 820), to require a number of additional disclosures regarding fair value measurements. Certain of the additional disclosures were required to be and were adopted by the Foundation on January 1, 2010. ASU 2010-06 requires additional information in the reconciliation of recurring Level 3 measurements about purchases, issuances, sales, settlements, and transfers on a gross basis. This update was fully adopted by the Foundation on January 1, 2011, which did not have an effect on the Foundation's financial position or the results of its operations.

Date of Management's Review of Subsequent Events

Management has evaluated subsequent events through September 28, 2012, the date which the financial statements were available to be issued, and determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(3) <u>CASH AND CASH EQUIVALENTS</u>

A summary of the cash and cash equivalents at June 30 is as follows:

		2012	2011
Cash in bank	\$	349,465	341,534
Money market account held at Smith Barney Citigroup investors	_	1,531,113	409,999
	\$	1,880,578	751,533

Custodial Credit Risk—Deposits

The Foundation had the following depository accounts as of June 30, 2012 and 2011. All deposits are carried at cost.

	201	2	2011		
Depository Account	Reported	Bank	Reported	Bank	
	Amount	<u>Balance</u>	Amount	<u>Balance</u>	
Insured Uninsured and uncollateralized	\$ 349,465	263,507	341,534	342,274	
		1,542,776	409,999	566,700	
	\$ 1,880,578	1,806,283	751,533	908,974	

Custodial credit risk is the risk that in the event of a bank failure, the Foundation's deposits may not be returned. While the Foundation's investment policies do not address bank balances (other than money markets) that are uninsured or uncollateralized, deposits are generally required to be insured or collateralized.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(4) PLEDGES RECEIVABLE

Pledges receivable represent commitments by donors to contribute to the Foundation. The scheduled amounts to be received as of June 30 were as follows:

	Te	mporarily	Permanently		
	<u>R</u>	estricted	Restricted	<u>Total</u>	
Amounts due in:					
1 to 5 years	\$	628,697	91,921	720,618	
6 to 8 years			1,200	1,200	
	\$	628,697	93,121	721,818	
			2011		
	Te	mporarily	Permanently		
	<u>R</u>	testricted	Restricted	<u>Total</u>	
Amounts due in:					
1 to 5 years	\$	64,067	31,421	95,488	

Pledges receivable that are expected to be collected in less than 1 year are recorded at net realizable value. Pledges receivable in subsequent years have not been discounted to net realizable value, the effect of which is considered to be insignificant to the financial statements. The commitments are to be paid as specified by the individual pledge agreements and, accordingly, are presented as unrestricted, temporarily restricted, or permanently restricted net assets in the accompanying financial statements.

An allowance for possible uncollectible pledge receivables is not considered necessary by management.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(5) <u>INVESTMENTS</u>

Investment Policies

Investing is performed in accordance with investment policies adopted and approved by the Investment Committee of the Board. Foundation funds may be invested in:

Short-Term Investments

- U.S. government issues, all obligations of or guaranteed by the U.S. government or agencies thereof.
- Certificates of deposit, when insured.
- Commercial paper of major corporations which have a Moody's rating of "Prime I" (PI) and/or Standard & Poor's rating of "A1."
- Banker's acceptance notes of the ten highest rated banks in the United States, not to exceed \$100,000 per bank.
- Money market funds available through banking and brokerage institutions which allow check-writing privileges, not to exceed insured limits.
- Mutual funds which invest in securities which are otherwise eligible for direct ownership by the Foundation.

Equity Investments

The equity portfolio must be invested in at least 30 different common stocks, with no individual stock representing more than 5% of the total market value of the stock portfolio. Stocks will be diversified in a manner similar to the Standard & Poor's 500 Stock Index, which is divided into ten major industry categories, and the portfolio shall have a representation from each. At least 65% of the market value of the stock portion of the portfolio must be in stocks that are part of the Standard & Poor's 500 Stock Index. No stocks generally considered speculative in nature shall be purchased. Short sales, options, margin purchases, and restricted stock purchases are prohibited transactions except for the writing of covered call options on stocks held in the portfolio for the purpose of enhancing income. Investment in foreign securities is prohibited except for those listed on the New York Stock Exchange.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(5) <u>INVESTMENTS, CONTINUED</u>

Investment Policies, Continued

Fixed-Income Investments

- Fixed-income investments include debt securities issued or guaranteed by the U.S. government or agencies, corporate bonds or debentures, and other forms of debt obligation. The policy allows up to 60% of the investments to be in fixed-income securities.
- All corporate bonds purchased shall have a rating of "A-" or better by either of the two major rating services, Moody's or Standard & Poor's. Any bond whose rating is "BBB" must be liquidated unless it matures in less than 1 year.
- Up to 25% of the bond portfolio may be invested in convertible bonds and/or convertible preferred stocks, but must have a rating of "A" or better by the two major rating services.
- At least 80% of the bonds held in the portfolio must be noncallable.
- The total face value of bonds issued by any one corporation cannot exceed 5% of the total face value of the fixed income portfolio.

Investment securities are presented at fair value. Fair values were determined on the basis of closing prices at June 30, as quoted on major stock exchanges or over-the-counter markets.

	<u>\$</u>	21,467,252	23,822,556	2,355,304

The Foundation recognized \$895,268 and \$376,927 during 2012 and 2011, respectively, from net gains on the sale of investments. These gains have been combined with unrealized gains and losses and allocated throughout the year through the consolidated investment pool.

Operating expenses in the statements of activities included investment consulting, management, and custodial fees of approximately \$86,000 and \$79,000 for the years ended June 30, 2012 and 2011, respectively.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes.

The Foundation's investment policy states that the average maturity of the bond portfolio will be determined by the Investment Committee of the Board and can be changed as market conditions dictate.

Custodial Risk

For investments, custodial risk is the risk that in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investments or collateral securities in the possession of an outside party.

(6) REAL ESTATE HELD AS INVESTMENTS

The Foundation owns:

- 35 acres located south of Ada in the vicinity of the Robert S. Kerr Environmental Research Center, described as follows: SW/4 NE/4 Section 15-T3N-R6E, less an Indian Cemetery 85' x 94' in the NW corner, Pontotoc County.
- A lot located at the corner of Arlington and Mississippi in Ada, Oklahoma, for the purpose of establishing the William Chapman Accounting Scholarship.
- Lots 17 and 18, block 1, Section 3 of Arrowhead Estates, Pittsburg County, Oklahoma.

(6) REAL ESTATE HELD AS INVESTMENTS, CONTINUED

A summary of real estate held as investments at June 30 is as follows:

	<u>2012</u>		2011
Land:			
35 acres south of Ada, Oklahoma	\$	87,500	87,500
Lot, Arlington and Mississippi,			
Ada, Oklahoma		12,500	12,500
Lots 17 and 18 in Arrowhead Estates,		5 000	5 000
Pittsburg County, Oklahoma		5,000	5,000
	ф	107.000	105,000
	\$	105,000	105,000

The properties have been recorded at their appraised value at the date the gift was given.

(7) FURNITURE AND EQUIPMENT

As of June 30, furniture and equipment consisted of the following:

	-	2012	2011	
Furniture and equipment Less accumulated depreciation	\$	30,760 (8,047)	11,013 (4,266)	
Net furniture and equipment	<u>\$</u>	22,713	6,747	

Depreciation expense was \$3,781 and \$3,084 for 2012 and 2011, respectively.

(8) <u>DEFERRED REVENUE</u>

During the year ended June 30, 2012, a signed contract was finalized and construction began on the School of Business/Conference Center (the "Center"). The Center is expected to be completed by June 2013 and classes are expected to be held beginning in the fall semester of 2013. Therefore, the Foundation has recognized \$7,733,558 of contributions in temporarily restricted net assets during the year ended June 30, 2012. Of that amount, \$4,270,274 had been deferred from prior years based on the Center not being constructed and \$3,190,584 was received in contributions for the construction of the Center during the year ended June 30, 2012. As of June 30, 2012, \$4,469,671 has been expended for the Center through transfers of cash from the Foundation to the University.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(9) DEPOSITS HELD FOR OTHERS

The Foundation receives money on behalf of other entities and acts as a custodian of the funds. There were no deposits held for others as of June 30 2012. As of June 30, 2011, the Foundation had deposits held for others of approximately \$13,000.

(10) RESTRICTED NET ASSET COMPOSITION

Temporarily and permanently restricted net assets are predominantly restricted for scholarships.

(11) **RETIREMENT PLANS**

The Foundation had two employees who participated in the retirement plans and benefit programs of the University. The plans available include the Oklahoma Teachers' Retirement System (OTRS), which is a State of Oklahoma public employees' retirement system, the Teachers' Insurance Annuity Association, which is a defined contribution plan, and the Supplemental Retirement Annuity (SRA), a single-employer defined benefit pension plan available to employees hired prior to July 1, 1987. During the years ended June 30, 2012 and 2011, the Foundation paid approximately \$4,200 and \$5,800, respectively, to the OTRS.

(12) <u>RELATED-PARTY TRANSACTIONS</u>

The Foundation occupies, without charge, certain premises located on the campus of the University.

The Foundation benefits from voluntary services donated by individuals and businesses which have not been reflected in the financial statements due to their immateriality.

During 2012, the Foundation had a Board member who also serves as president of a local bank where the Foundation has a certificate of deposit. As of June 30, 2012, the certificate of deposit has a book balance of \$82,158. During 2011, the Foundation had two Board members who also served as presidents of local banks where the Foundation had checking accounts. As of June 30, 2011, the checking accounts had a book balance of \$253,237.

(13) GENERAL UNIVERSITY EDUCATIONAL ASSISTANCE

General university educational assistance consists of general expenses for various University organizations and programs.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(14) <u>COMMITMENTS AND CONTINGENCIES</u>

East Central University Fine Arts Building

During each of the years ended June 30, 2012 and 2011, \$15,000 was paid from unrestricted funds of the Foundation as part of its \$500,000 commitment for the East Central University Fine Arts Building. As of June 30, 2012, approximately \$455,000 (\$350,000 was paid in a lump sum in 2005) had been paid by the Foundation, and the balance of \$45,000 will be paid over the remaining 3 years of the original 10-year commitment.

East Central University School of Business/Conference Center

During the years ended June 30, 2012 and 2011, \$100,000 and \$150,000, respectively, was paid from unrestricted funds of the Foundation as part of a \$250,000 commitment for the Center for naming rights to the actual conference center.

(15) <u>ENDOWMENTS</u>

The Foundation's endowments consist of 231 individual donor-restricted funds established for a variety of scholarships and activities. As required by accounting principles generally accepted in the United States, net assets associated with endowment funds are classified and reported based on donor-imposed restrictions. The endowments represent only those net assets that are under the control of the Foundation.

Interpretation of Relevant Law

The Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) as requiring the preservation of the purchasing power of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. Therefore, the Foundation classifies as permanently restricted net assets 1) the original value of endowed gifts, 2) any subsequent gifts, and 3) any accumulations to the permanent endowment made in accordance with the direction of the donor gift instrument.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(15) ENDOWMENTS, CONTINUED

Spending Policy

The Foundation has approved an endowment distribution or spending policy whereby distributions are limited to 5% of the endowment fund's average fair value over the preceding 12 quarters, beginning with the previous fiscal year-end. The spending policy may be adjusted if a donor requests a specific spending policy and such policy is documented in the donor agreement.

The Foundation's investment objective is to position the funds to maintain a balance between long-term investment growth and annual distributions. The policy sets forth two important goals. First, the purchasing power of the endowment is maintained, and this preserves a fund's ability to meet the future needs of the Foundation and its programs. Second, application of the spending policy reduces the endowment's vulnerability to significant fluctuations in the stock and bond markets.

The spending policy utilizes the most recent 5-year average return on investment (ROI) percentage, which allows for long-term ROI trends to be built into the spending policy. The spending policy calculation will have an annual floor and ceiling which will enable the Foundation to spend a base amount from the endowment fund in low ROI periods and have extra savings in high ROI periods.

Funds with Deficit Balances

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or OK UPMIFA requires the Foundation to retain as a fund of perpetual duration. No deficit balances of this nature are reported in unrestricted net assets at June 30, 2012. Deficit balances reported in unrestricted net assets totaled \$132,338 at June 30, 2011. These deficit balances resulted from unfavorable market fluctuations that occurred shortly after the investment of new permanently restricted contributions, the substantial decline in the markets which occurred in August of 2008, and continued appropriation from certain funds as deemed prudent.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(15) <u>ENDOWMENTS, CONTINUED</u>

Net Asset Composition of Endowments

The net asset composition of endowments by type of fund as of June 30 was as follows:

	<u>Unrestricted</u>	Temporarily <u>Restricted</u>	Permanently Restricted	<u>Total</u>
2012 Donor-restricted endowment funds	<u>\$</u>		15,045,286	15,045,286
2011 Donor-restricted endowment funds	<u>\$</u>	<u> </u>	14,559,999	14,559,999

As can be seen, all of the Foundation's endowments are classified as permanently restricted.

Changes in Net Assets of Endowments

Changes in the net assets of endowments for the years ended June 30 were as follows:

Permanently Restricted	2012	2011
Net assets, beginning of year Contributions Transfer from (to) other net assets	\$ 14,559,999 298,881 186,406	14,335,592 305,859 (81,452)
Net assets, end of year	\$ 15,045,286	14,559,999

(16) FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. In estimating fair value, the Foundation utilizes valuation techniques that are consistent with the market approach, the income approach, and/or the cost approach. Such valuation techniques are consistently applied. Inputs to valuation techniques include the assumptions that market participants would use in pricing an asset. Fair values may not represent actual values of assets that could have been realized on the measurement date or that will be realized in the future. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

The estimated fair values of the Foundation's financial instruments at June 30 were as follows:

		Estimated Fair Value and <u>Carrying Amount</u>	
	2012		2011
Cash and cash equivalents	\$	1,880,578	751,533
Investments	23,456,666 23,822,		

The following methods and assumptions were used to estimate the fair value of each class of financial instrument.

Cash and Cash Equivalents and Certificates of Deposit

The carrying amounts approximate fair value.

Investments

The fair value of common stock is based on quoted prices. The fair values of U.S. government securities, international bonds, and corporate bonds for the most part, are obtained from independent pricing services utilizing Level 2 inputs. The fair value measurements considered to be observable inputs may include dealer quotes, market spreads, cash flows, the U.S. Treasury yield curve, live trading levels, trade execution data, market consensus prepayment speeds, credit information, and the security's terms and conditions, among other things.

Real Estate Held as Investments

The fair value of real estate held as investments is based on management's estimated fair value using unobservable Level 3 inputs. At June 30, 2012 and 2011, the fair market value remained the same.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(16) FAIR VALUE MEASUREMENTS, CONTINUED

ASC 820 establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset and liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 inputs consist of unobservable inputs which are used when observable inputs are unavailable and reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities. There were no Level 3 inputs.

The Foundation uses appropriate valuation methods based on the available inputs to measure the fair value of its assets and liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of financial position, as well as the general classification of such assets pursuant to the valuation hierarchy.

(16) FAIR VALUE MEASUREMENTS, CONTINUED

The following table presents the fair value measurements of assets recognized in the accompanying statements of financial position at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30:

Fair Value Measurements at
Reporting Date Using

		Reporting Date Using

Certificates of deposit	3,289,307		3,289,307	
	\$ 23,822,556	9,976,403	13,846,153	

The Foundation has no assets or liabilities carried at fair value on a nonrecurring basis at June 30, 2012 or 2011.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Audit Committee of the Board of Trustees East Central University Foundation, Inc. Ada, Oklahoma

We have audited the financial statements of East Central University Foundation, Inc. [a nonprofit organization] (the "Foundation") as of and for the year ended June 30, 2012, and have issued our report thereon dated September 28, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Foundation is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Foundation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a deficiency in internal control over financial reporting, described in the accompanying schedule of findings and responses that we consider to be a significant deficiency in internal control over financial reporting (Finding 2012-01). A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

(Continued)

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS, CONTINUED

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Foundation's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. We did not audit the Foundation's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the audit committee, management of the Foundation, the University, and the State of Oklahoma and is not intended to be and should not be used by anyone other than these specified parties.

**First Hamiltonian Committee Commi

Shawnee, Oklahoma September 28, 2012

SCHEDULE OF FINDINGS AND RESPONSES

June 30, 2012

Finding 2012-01

Financial Statement Preparation

Comment

During the audit, several accounts had to be reconciled and adjusted to complete the preparation of the financial statements. These accounts included:

- Net asset balance (beginning balance adjustment),
- Pledges receivable,
- Deferred revenue, and
- Investments.

Information was readily available and provided to adjust the accounts. Presently, the Foundation does not have sufficient accounting staff to assist the Executive Director in the monthly and annual closing of the records to prepare financial statements and to assist with nonroutine entries that arise. In prior years, additional accounting assistance and support has been provided.

For management to facilitate more accurate preparation of monthly and year-end financial statements, we recommend that management be provided additional accounting support. The use of a qualified accountant or accounting firm to assist management in performing monthly accounting is strongly recommended. We also recommend that formal accounting policies and procedures be developed to also assist management in monthly and year-end financial statement preparation and reconciliations of accounts.

Management Response

We understand and agree with the comment. Due to a unique set of circumstances that occurred during this fiscal year, the Foundation did not have the necessary resources available to complete certain month-end and year-end adjustments that would have allowed a more timely preparation of monthly reports and the annual external financial statements. The Foundation is attempting to add an experienced, part-time accounting assistant to rectify this situation.
